

Volunteers Needed!!!

Welcome!

Thank you for your interest in Bluffton Self Help!

We are in the process of improving current and developing new curriculum in our Education and Resource Center (ERC). Path2Success (P2S) is a client-centered approach which will assist an adult learner with defining a path to success that is unique to her/his particular needs. What makes this program special is the way in which our learners travel the path. They will NOT be alone on this journey. The Path2Success team from Bluffton Self Help will walk with our learners every step of the way providing support, mentorship, peer learning opportunities and much more.

Our program will utilize both in-person and online learning. A critical addition to the Path2Success program is you – our volunteers!

The ERC is seeking volunteers that are interested in building relationships that might include tutoring, mentoring, teaching, interviewing our future learners and general office duties.

Our programming includes: GED Preparation, English as a Second Language, Soft Skills, Financial Literacy, Ready to Work Training and Assessment, Resume Building and Job Searching.

Requirements for the Education and Resource Center's Path2Success volunteers:

- 18 years old or older and have a high school diploma or equivalency
- Willing to attend trainings
- 1-year commitment
- Available 2 to 3 hours per week

If you are interested in becoming a volunteer in the Education and Resource Center, please complete the attached application and send it to barbara@blufftonselfhelp.org.

Sincerely,

Barbara Bowers

Education and Resource Center Manager
